

OUR STORY

Founded by a nurse. Built for families.

Ayeshia Quainoo-Tefera founded The Ultimate Care in 2017 after caring for loved ones of her own. With 19+ years as a registered nurse and a master's in nursing, she built TUC around careful assessment, well-trained caregivers and clear communication with families.

Ayeshia Quainoo-Tefera, MSN, RN, CMSRN
Founder & President

**Provided in collaboration with an affiliated organization. Ask us which provider delivers each service.*

CARE PLANS

Choose the level of support that fits

Each level builds on the one before it, with more nurse oversight as needs grow.

LEVEL 1

Essential Care

Personal care and companionship to keep daily life safe and familiar.

Quarterly	Not included	2 / year
in-home visits	telehealth calls	family care meetings

LEVEL 2

Enhanced Care

Everything in Essential, plus medication reminders and more hands-on support.

Quarterly	Quarterly	3 / year
in-home visits	telehealth calls	family care meetings

LEVEL 3

Advanced Care

Everything in Enhanced, plus specialized care for more complex health needs.

Every 60 days	Every 2 months	4 / year
in-home visits	telehealth calls	family care meetings

LEVEL 4

Signature Care

Everything in Advanced, plus a dedicated care team that knows your loved one well.

Monthly	Monthly	6 / year
in-home visits	telehealth calls	family care meetings

Family care meeting: a scheduled review of the care plan with you, your loved one and the care team.

Not sure which fits? We'll recommend a level after your consultation.

WHY FAMILIES CHOOSE TUC

Reliable, compassionate and competent care that supports dignity, independence and peace of mind at home.

Nurse-led from day one

Nursing leadership assesses each client and updates the plan as needs change.

A plan built around you

We build each care plan with the client and family, and review it together.

Screened, trained caregivers

Every team member passes a 360° screening before joining and receives ongoing training.

Safety you can count on

Staff raise concerns promptly and follow S.T.A.R.: Stop, Think, Act, Review.

Responsive coordination

Timely answers and clear updates, so families always know what's next.
